Orange Bowl Activities Dec. 21st Thru Jan. 7th

The Orange Bowl Committee has issued a list of its sponsored activities during the holidays which takes you from Dec. 21st through January 7th when the national league pro will play football and the Orange Bowl handball will be held at Tropical Park.

There'll be power-boot racing, junior and senior football, basketball model plan meets, swimming, tennis and considerable indulgence in whatever form of social activity your desires may dictate.

Joe Bellon is the chief attraction in this year's Orange Bowl game.

Most businesses including the Belle Glade Herald will close Monday, December 28 in observance of Christmas.

All Classes Steady

To \$1 CWT. Higher

Good calves brought as high as 27c for slaughter and up to 22c for stockers. All animals were steady to \$1 higher in this sale.

On Friday, January 6th the 5th annual Angus Association sale will be held at the local market, when Angus bulls will be offered to south Florida cattlemen.

There will be no sale on Dec. 28.

December 15, 1960
693 Cattle, \$61,247.80; 37 percent went to slaughter, 63 percent to stocker; 15 percent of the run was cows, 68 percent of these went to slaughter.

Slaughter: 32 steers, 30 heifers, 111 calves, 72 cows, 8 bulls. Stocker: 289 steers, 31 heifers. (Continued On Page 18)

It's The Giving Season Remember The Children!

Christmas Time brings to mind several organizations which offer outlets to the natural feeling of giving.

The Children's Home Society of Jacksonville specializes in placing homeless children in homes. Some 2,000 are placed in the State this year. It is said "not more than 100 are likely to have the benefit of the protective services of the twelve private licensed adoption agencies." The organization needs your help.

Another is CARE, and you know that a \$1 package brings 21 to 28 pounds of assorted foods to underfed children in orphanages and schools. A typical package provides 432 glasses of milk.

There's no news about the National Foundation work; you know what it has done and is doing with Salk vaccine, birth defects and arthritis.

There's the Heart Foundation and the Tubercular organization. Pick your chosen charity and remember the time of year!

Lions Hear Of Need For Universities

Frank Clarke a member of the Florida Key Club spoke to Lions Wednesday concerning the crowded conditions of state rooms and lack of housing, at the University of Florida.

These same arguments are caused by the Board of Control in its recommendation for the establishment of additional University facilities, such as the one at Boca Raton and others throughout the state.

The Board maintains that facilities of a State University should be provided closer to the center of population of the students and potential students.

Finance Officer

Gets "On The Ball"

Frank Anderson, Fiscal Officer for the City of Belle Glade, has made a study of the City's finances and comes up with a suggestion that funds held by the City as deposits and other more or less trust funds be deposited in Federal Savings Banks.

Some \$30,000 in such funds were authorized to be withdrawn from the safe keeping, without interest, by commercial banks and deposited with Federal Savings and Loan Associations, as constructive use of the money for the public good and a matter of 4 to 4 1/2 percent interest.

Both Harry McDonald, manager of the Lake Shore Pool will be retained as recreation supervisors.

It is hoped that a planned recreation program for the city may be worked out with these two men.

Dr. Howard Hill Completes Course

Dr. Howard Hill of Belle Glade successfully completed a special course in instruction in the control of mastitis of cows recently held at the Florida Livestock Board's Animal Disease Diagnostic Laboratory in Gainesville. The course was led by a world-recognized authority on this disease, Dr. M. G. Fincher, Head of the Department of Veterinary Medicine at Cornell University, Ithaca, N. Y. The course was sponsored by the Florida Veterinary Medical Association.

Both Harry McDonald, manager of the Lake Shore Pool will be retained as recreation supervisors.

It is hoped that a planned recreation program for the city may be worked out with these two men.

Two Hospitalized In Car Accident

Mrs. Mae Pope is in Belle Glade Memorial Hospital with a broken collarbone, bruises and lacerations and Clinton Howard Thomas in Good Samaritan Hospital with a broken knee cap and lacerations resulting from a collision of their two cars at the junction of SR 715 and Hookers Highway early Monday morning.

Both Mrs. Pope and Mr. Thomas are residents of Pahokee and were enroute to work. Mrs. Pope is office manager at Glades Courthouse and Mr. Thomas is an employee of Glades Mercantile Company.

Mrs. Pope, driving a 1958 Buick south on SR 715, stopped for northbound traffic to make a left turn on Hookers Highway and was hit by the '56 Ford pickup driven by Thomas. She was thrown into the air and out of her car and out into the edge of the canal by the impact. The pickup landed in a rock pit on SR 715.

Mrs. Pope was resting as well as could be expected Wednesday, and Mrs. Thomas expects her husband to be well enough to come home for Christmas.

Philip Morris Held Blameless By CBS "Accurately Indicates Conditions"

Legislators Visit Glades State Prison

Representatives Roberts and Thomas of Palm Beach County and Scott of Martin visited the Prison Farm Tuesday to secure first hand information on items included in budget requests of the Farm for the next legislative session.

Two important items being sought to make the local institution self-sustaining are a new dormitory and additions to the kitchen. The representatives will be most active in support of the requests were enthusiastic for the plan to make the local institution a contributor to the financial support of other institutions, as well as to make it a true "rehabilitation" institution for those caught in the meshes of prison confinement.

FCC Chairman Quotes Laws To City Includes Possible Violation By CBS

Mr. Frederick W. Ford, Chairman of the Federal Communications Commission has answered the resolution of the City Commission of Belle Glade which protested the film "Harvest of Shame."

Mr. Ford learnedly quotes the law as follows:

"No regulation or condition shall be promulgated or fixed by the Commission which will interfere with the right of free speech by means of radio communication."

Further he says: "the regulatory responsibility of the Commission in the broadcasting field is to maintain a balance between the preservation of a free competitive broadcast system, on the one hand, and the reasonable restriction of that freedom in the public interest standard set forth in the Communications Act."

The Commissioner refers to practice: "the licensee's honest and prudent judgment will be awarded great weight by the Commission."

Even, "a Justice of the United States Supreme Court" quoted by the Commissioner as follows: "The news commentator chosen to report the news must not be allowed to give overtones to the news that pleases the broadcaster but which rile the audience."

The correspondent says: "It is realized that — the program."

The Season's On With "The Law"

Just plain alcoholic beverages, "sticky fingers" and the "allickers" of the forged check are some of the reasons for seasonal activity of local police.

George Washington Jones was driving erratically and recklessly when the police stopped him to remonstrate, he resisted arrest, and decided to whip the cop.

George Washington is resting as a guest of the City, in lieu of \$160 bail.

Kenneth B. Stepper is under a \$2,000 bond for securing cash on forged checks, and one returned marked "no account."

Local merchants and dispensers of alcoholic beverages are the sufferers.

Richard Harris tried to sell wine to local citizens who happened to be merchants themselves and who became suspicious of a late night pocket-peddler and called police. Under questioning, after the cache had been discovered, Richard admitted to breaking and entering the Sundown Cafe and taking away considerable wine. However, he denies taking all the wine found missing from the Cafe. He left the door open when he left, and it is assumed that someone else helped themselves. Richard enjoys a \$2,000 bond, that is, he wishes to "outlive" himself.

Miscellaneous infractions come up daily, with the result that the City has plenty of labor and the coffers of the fine and forfeiture fund are being filled.

In a letter answering the Commission's resolution of protest CBS' Vice President Joseph H. Ream, Program Practices says: "No representative of Philip Morris Inc., or its advertising agency was given the opportunity to see, or did see, any part of the program prior to its actual broadcast." "The participation of Philip Morris Inc., was no more nor greater than that of any advertiser in printed media, such as newspapers and magazines for the editorial content appearing in such publications."

Mr. Ream further states, "We believe the program was thoroughly researched and, within the limitations of a one-hour television program, accurately indicated the conditions of large numbers of migrant farm workers."

Just as thoroughly as "the program was thoroughly researched and, within the limitations of a one-hour television program, accurately indicated the conditions of large numbers of migrant farm workers."

Public officials, individuals and groups all report approaches by Lowe as follows: "There's two sides to any story, and we will show both." Adroit questioning, omission of natural questions, and omission of recorded and filmed interviews brand that statement as a premeditated "city slicker" phony.

The Real Spirit Of The Holidays

Of the hundreds of cards one receives during the holiday season, some few stand out as ingenious as to workmanship, beauty, and sentiments expressed.

One, this Christmas, we believe is worth mentioning as unique in the Spirit of the Holidays — giving.

This card as a folder, of ordinary red cardboard — wine, it might be — on which is pasted a stamp of organizations appealing for charity for some worthy cause, and not individual.

First there's a stamp representing the "Relief Fund" of the American Dental Association, for the sender belongs to that group professionally; then comes the Crippled Children's Easter Seal Stamp, separated by two Harry-Anna Crippled Children's Home stamps; then comes the familiar Christmas Seal of the Tubercular world. The WFV National Home seal comes next, followed by the National Wildlife stamp. Finally, the bottom segment of the "L" in the word "NOEL," which the formation spells out, comes a stamp of the Amvets, with Old Glory covering the stamp and the words "One Nation Under God" as the bottom item.

The inexpressiveness of the base card, the envelope and the sender's name, with these stamps suggests a constructive use of monies normally spent for expensive Christmas cards.

The sender's name is in white ink of a green piece of heavy paper and reads "Dr. and Mrs. Victor Mulberg."

The commitments of the season to the Doctor and his wife, on 6-3868 or Mr. Shiver WY 6-2676, the demonstration of "Giving."

children who worked 10 hours for \$1 an hour must provide for daily food for these 14 children has an ion of truth — and Webster says an ION is "an electrically charged atom—in a solution or GAS."

The woman HAD given birth to 14 children but she returned seven to the census man — the others reportedly dead. The impression was left by the story that no "head of the household" was around or had been except at his own convenience.

The woman HAS, and HAD a husband who is presently making \$83.50 per week, regularly for five months. This same husband has, had reported with Uncle's tax division more than \$300 earned during a summer spent on the northern end of the annual tree.

The ION of truth, you may well see; the basic truth CBS did not want it's viewers to see.

Reference to room rent of \$15 per week per room" by Murrow is even more false than the \$1 per day fee for 14 youngsters. No person including rental agents, rooming house owners and operators, nor ANY individual has been able to find a \$15 per week per room" condition, nor anything approaching that.

The statement "there's no record of a child of a migrant worker" ever having graduated from college" is too absurd even (Continued On Page 17)

Holland's Office

Contacts F. C. C.

Word has come from Senator Holland's office that in his absence, contact had been made with Chairman Frederick W. Ford, Chairman of the Federal Communications Commission, concerning the City's resolution concerning the Harvest of Shame.

The letter says, "I spent two weeks in September and October travelling over the state with the Senator, including several trips through your area. He pointed out to me housing for the homeless which have been constructed and remarked on the program which has been made in this field."

City Employees Holiday Begins On Friday At 1

By action of the City Commission, upon recommendation of the City Manager, City employees will begin the Christmas holiday at one o'clock on Friday afternoon.

The Commission also agreed to meet on Wednesday afternoon the 28th instead of at night.

Colombian Ag Students Visit PB County Operations

Sensors and Senoritas, searching for education and information as to how to make two blades of grass grow where one grew before, in their own country of Colombia, visited Palm Beach County agriculture where they can find more diversified, scientific high-production agricultural ventures than in any similar spot in the world.

Santa came early...

THE HARVEY BOYS, Chris and Mike, beam their pleasures as they proudly hold their puppie, delivered early by Old Santa. "Of course there are a few other items on our list this year... a train... a bike... an airplane... and a real live pony would do, but we know old Santa keeps his word to good little boys and girls as he delivered the top item on our order early!" The proud pup is Dick Harvey, formerly of the Herald staff, now back in the radio field. Mr. and Mrs. Harvey and the children live at Swainsboro, Georgia.

Shower Honors Bride-To-Be

A shower Friday at the Community Club House feted Miss Barbara Masonic, whose marriage to Larry B. Elliott will take place December 28. Hostesses for the occasion were Mrs. Pauline Boydston, Mrs. Nadine Taylor, Mrs. Mary Hogan and Mrs. Lee Puckett.

The bride-elect, her mother, Mrs. William Masonic and Mrs. Thomas Elliott, mother of the groom-to-be were in the receiving line. They were presented corsages of pink sweetheart roses and white mums.

Mrs. Taylor played selections at the piano during the evening. The table with pink net over white, draped with pink sweetheart roses and white mums, crystal punch bowl, and napkins with Barbara and Larry in silver lettering.

The gift table with pink net over white, cloth held many beautiful gifts, which were opened and displayed. More than forty guests called during the evening.

Bridal Tea Given For Jeanne Crewes

A lovely bridal tea was given by and at the home of Mrs. V. W. Riedel, aunt of the bride-to-be, Monday, December 19, honoring Miss Jeanne Crewes, whose marriage to Ed T. C. Moore, Jr., will be solemnized this afternoon at 4:00 at the Everglades Presbyterian Church.

In the receiving line with Miss Crewes were her mother, Mrs. G. W. Crewes and Mrs. Riedel. Mrs. Robert Hooker attended the bride's gift book.

The table was lovely with an arrangement of pink roses as centerpiece and embellished with a silver service on a lace table cloth. Another flower arrangement of pink mums enlivened the room. Pouring during the afternoon were Mrs. Richard Murray and Mrs. Edward Schoepfle.

Many friends called to extend best wishes to the bride-to-be.

Harrell Has Accident

Cecil Ray Harrell of Bean City, radio dispatcher at the Florida Highway Patrol Station, Pahokee is in local hospital with a broken left leg, ribs and other injuries as a result of an accident on his way to work Sunday night at the city limits South of Pahokee.

Avoiding Dogs On Road

In reviewing the accident the victim said he averted to miss a bunch of dogs in the road and lost control of his car, hitting a telephone pole. It took two wreckers to pull the car, which was demolished to where they could get him out.

Lions Club Entertains Jensen Beach Lions

The South Bay Lions Club was host to seven members of the Jensen Beach Lions Club. The president of the Jensen Lions gave a short talk on what Lionism has meant to him. Acting President Hector Ouellette thanked the members for attending our meeting and welcomed them back whenever they were in the area again. The South Bay Lions Club is now holding its meetings at 7 p.m. on Thursdays at the Glades Restaurant.

Oil Stove Explosion Destroys Negro Home

Fire destroyed the negro house 3 miles west of South Bay occupied by Ella Mae Jones and her eleven children while the mother was attending church services Sunday night. An adjoining vacant house was partially destroyed. Frank Wilson, in charge of the quarters, seeing flames behind the pine trees which separated his home from the quarters, rushed over, broke down the door and brought the Jones children out safely. The South Bay Fire Department was summoned but too late to extinguish the blaze in the first house.

The property, owned by Terry Gibson of West Palm Beach, was reported valued at \$8,000.00. Personal property destroyed is said valued at some \$3000.00. Fire Chief Meade Willis attributed the fire to an oil stove explosion.

SOUTH BAY NOTES

Mrs. T. L. Driggers spent Friday in West Palm Beach as guest of Mrs. R. L. Watson. Miss Ann Driggers spent the weekend in Lake Placid and Lakeland. Mr. and Mrs. Frank Prevatt of Bean City and Mr. and Mrs. Robert Griffin of Belle Glade were in West Palm Beach Wednesday night shopping and had dinner.

Twenty Five Vegetables Varieties At PBC Fair

The Palm Beach County Department of Agriculture will again assume responsibility for presentation of livestock, dairy, poultry, ornamental, and vegetable entries, and exhibits in the 1961 South Florida Fair and Exposition during the eight-day and nine-night run of the event, January 27 - February 4, according to John Causey, assistant County Agricultural Agent.

Causey, in charge of vegetable displays, has announced that 25 or more varieties grown in Palm Beach County will again go on view during the 1961 show, and again as last year, will be located in the east end of the Agricultural Building on the Fair grounds, one mile west of Sunshine Parkway on U. S. 88.

He said "We do not hand-pick vegetables for fair exhibition but instead receive them from growers and packers as they are being loaded on railroads cars for shipment."

Causey said that a recent report from the Florida Marketing Bureau showed 33,000 carloads of vegetables to have been shipped from Palm Beach County in the 1959-60 season.

"With a record like that" he commented "it is not necessary to hand-pick our fair exhibits for the record proves that they are all of top quality."

The assistant county agent further stated that the largest shipment of vegetables to date from Palm Beach County took place during the past growing season with celery topping the list of 8,377 carloads, corn 7,353 carloads, and green beans, 4,968 carloads.

Value-wise the crop production brought a return of \$60,000,000 to Palm Beach County growers, Causey said.

Rites Held Tuesday For Milo H. Jones

Funeral services for Milo Harold (Pappy) Jones, 54, who died Sunday at their trailer home at Motel Trailer Park, S. W. 16th St., were conducted at Community Methodist Church, Tuesday at 2:30 p. m. with the Rev. Lee D. Huston officiating.

He had suffered a heart attack some time ago but had been working at the locks, employed by the Central and Southern Florida Flood Control District. He was a native of Illinois and had lived in Belle Glade for 16 years. He was a member of the Methodist Church and was a member of the Masonic Lodge 273, Belle Glade, Lake Worth Consistory and the Mahi Shrine.

Survivors include his wife, Mrs. Audrey Jones, Belle Glade; three sons, Dr. Willard Jones, Ocala, James O. Buboe, West Palm Beach, and Lansing Duane, Bryan, Texas; his parents, Mr. and Mrs. Manuel Dickerson, Hialeah, two brothers, Roy Perry and Paul Dickerson, Hialeah; three sisters, Mrs. Leonard Ward and Mrs. T. L. Rushing, both of Hialeah and Mrs. James Chilton, Newfoundland and 13 grandchildren.

Entombment was at Forever Glades Mausoleum, Belle Glade. Paperbearers were Avery Bass, Charles Goodlett, Ephraim Morris, Bill Graber, J. A. Pike and Charles Bolton.

The Masons were in charge of the graveside rites. William Wetherington Funeral Home was in charge of arrangements.

Christmas Music Scored By Both Handel And Bach

It's strange but true: Two of the most famous composers of Christmas music were both born in the same year, 1685, lived for many years within thirty miles of each other — and yet they never met!

The composers were Johann Sebastian Bach and George Frederick Handel. Handel's "Messiah" will be heard, at least in part, in numerous churches and schools throughout the country. "Joy to the World," "If itaken from the 'Messiah'." The musical theme of "While Shepherds Watched Their Flocks" also comes from this master.

From Bach's "Christmas Oratorio" come the themes of several other well known chorales. He is also the composer of "How Brightly Beams the Morning Star."

Bach and Handel both provided themselves masters of Christmas music that is beautiful and easily enjoyed.

"To learn your luck for the year they say
Burn a bayberry on Christmas day.
If the flame burns bright and the light shines clear,
Good luck will be yours through the year."

Outstanding Plays-Stars Highlight Season At Royal Poinciana Playhouse

Frank J. Hale and Paul Crabtree announced today that an impressive list of stars and plays have been selected for the 1961 Royal Poinciana season. The new 10 week season will open on January 23 and continue through April 1.

Highlighting the Playhouse season this year will be premiere performances of three outstanding American plays that are being produced by the Theatre Guild of New York for the United States State Department. After their initial performances in Palm Beach, the three productions will move to Washington, D. C. for command performances before the President and then overseas for a 36 week tour of Europe and South America.

Miss Hayes, Mr. Erickson and Miss Haver will star in Thornton Wilder's "The Skin of Our Teeth" which opens the Royal Poinciana Playhouse season on January 23rd. Miss Hayes and Mr. Erickson will also star in Tennessee Williams' "The Glass Menagerie" which will be seen here the week of February 6th.

Mr. Erickson and Miss Haver will be joined by an additional star in the current Broadway smash hit "The Miracle Worker" by William Gibson.

These three plays were selected by the State Department and the Theatre Guild as the three greatest contemporary American classics to represent this country in this President's Special International Program for Cultural Presentations.

Mr. Hale and Mr. Crabtree expressed elation over the fact that the Royal Poinciana Playhouse was selected to premier these productions in preference to any other theatre in the country.

Walter Szerak, who made such a great personal hit here last year, has been signed for the week of February 13. Mr. Szerak will recreate his original comedy role in "My Three Angels."

Arlene Francis has just been added to the '61 star roster. The popular stage and TV star will appear the week of March 6 in John Van Druten's comedy "Old Acquaintance."

"Mr. Showmanship" him-self, Liberace, who electrified the audience at the Playhouse Ki-

anis benefit recently, has been signed for the week of March 27th. Liberace will present his entire orchestra and musical spectacular that week.

Rodgers and Hart's musical comedy "Pal Joey" is being planned for presentation during the season and top stars and plays will be announced later for the three additional weeks.

Because of the great demand for tickets, a Thursday matinee has been added to the usual Wednesday and Saturday schedule as a regular Playhouse performance this year. Season subscriptions are available from now until November 1 at which time tickets will go on sale for individual performances. Subscriptions can be obtained by calling Temple 3-9419 or writing to the Playhouse, Box 231, Palm Beach.

What you won't know you can always learn.

Masons To Install Officers Tuesday

Belle Glade Lodge No. 273 F & AM will have open installation of officers on Tuesday, December 27, 1960 at 8:30 p. m. at the Masonic Temple.

The following elective Officers will be installed, Donald T. Aspey, Worshipful Master; Fred A. Simmons, Senior Warden; Elgie Johnson, Junior Warden; W. J. Norris, Treasurer; and Frank L. Anderson, Secretary and other appointive officers will be announced later.

Canal Claims Life Of William Southern

William Harvey Southern, 39, 457 S. E. 4th St., Belle Glade was drowned when he lost control of his station wagon and plunged into a canal nine-tenths of a mile off SR 25 on SR 127, on Saturday night.

A passing motorist Sunday morning called the highway patrol and Trooper Munroe investigated. Efforts were made earlier to get him out of the car but failed.

He was a native of South Carolina and lived here for five years coming from Miami. He was employed as mechanic for juke boxes by Red Gerkin.

Survivors include his widow, Lillian Southern, two sons W. Harvey, Jr., and Edward Earl, one daughter, Loretta Ann, all of Belle Glade; his mother, Mrs. Pearl Southern; a brother, Edward, and a sister all of Spartanburg.

The body was sent to Greer, S. C. for burial with Williams Witherington Funeral Home in charge locally.

Exemplar Chapter Initiates Two

At a lovely candlelight ceremony Mrs. Hector Ouellette and Mrs. Brines Strong were initiated into the Xi Beta Gamma Chapter of Beta Sigma Phi Sorority held at the home of Mrs. Earl Lindrose Thursday, December 15.

The initiation was conducted by Mrs. Lorenzo Connell, President with the following members participating: Mrs. - Tom Baker, Mrs. Milton Carpenter, Mrs. Neil DePamphilis, Mrs. J. E. Jones, Mrs. Louise Kirch, Mrs. Lindrose, Mrs. O. G. McWhorter and Mrs. George A. Pierce.

A short business meeting was held following the initiation at which Mrs. Jones announced classes for pledges would be held after the first of the year.

Civil War Centennial Planned Nationally

Formation of a Committee on Advertising to assist business in celebrating the 100th anniversary of the Civil War was announced today by Major General U. S. Grant, 3rd, chairman of the National Centennial Commission.

One of the first functions of the committee, to be made up of business and advertising executives from throughout the country, will be to prepare and distribute a pamphlet listing tangible "promoters" on advertising ties during the Centennial for national, regional and local advertisers using any of the great media - newspapers, magazines, radio and television.

"This committee wipes out the one missing link in our planning for the coming national commemoration," commented General Grant. "It marks the culmination of an objective that we established three years ago when the National Commission was first created. In order for us to make the Centennial a complete success, it will be necessary for us to secure the recognition of the great advertising agencies and the great industries they represent."

Specifically, the committee will serve as a liaison between the nation's major corporations and advertising agencies and the Centennial planners. It will act as a screening committee for advertisers, directing them to Civil War experts who can provide them with historically accurate information on the Civil War and helping them to avoid the incorrect and objectionable statements which is the past have caused sectional resentment.

The committee is expected to be of special important to those companies which may be reluctant to commemorate the war in their advertising because of marketing consequences involved if they offend segments of the nation. Its members will serve on a volunteer basis.

"Comic Strip" To Run Thru December 25

Labeled "hysterically funny" by local and New York critics alike, "Comic Strip" is proving to be the most popular of the Academy Playhouse pre-season productions to date.

George Panetta's comedy of life in New York City during the LaGuardia administration will continue its run through December 25th, with performances every evening except Monday, and matinees on Wednesday, Saturday and Sunday.

Tom Fedi, Anna Freeman, Loretta Fury, and Anna Appell of the original New York production head the cast which also features Harrison Dowd, G. Wood and Rusty Parker of New York.

Supporting the Broadway players are six members of the Academy Royale Theatre Inc., professional training program, including Jerry Reidenbaugh, John Owens, George Shapiro, Ed Gould, Eileen Shapiro and Bill Tost.

The colorful settings executed in broad Comic Strip style were designed by Ron Heffer, one of the Academy's scenic designers.

"Comic Strip" not only deals with New York during one of its most colorful and carefree periods but comically presents the human side of the world's largest city. The Irish, Italian, Cuban, Jewish and French characters that people in the big city that it is correctly labeled "the melting pot of the world."

"Comic Strip" is the third in this new Academy series produced by Frank J. Hale and Paul Crabtree. George Gerbasi's musical "Oh Kay" will be the final attraction in the intimate arena theatre. "Oh Kay" will open December 27 and close January 8.

Safe Holiday Travel Needs Cooperation

The Florida Highway Patrol has issued a plea for "safe holiday driving" in an effort to keep drivers from repeating the record high 132 traffic deaths recorded on the state's highways last December.

"It was one of the bloodiest months in traffic history on our streets and highways one year ago," declared Comdr. H. N. Kirkman, "and we will do everything in our power to keep it from happening again this year."

However, as he said, drivers will have to care enough to show cooperation or "the same thing could be repeated or even show an increase from the 1959 figure."

Forty persons died in a five day period last December which included the days immediately before, after and Christmas day. While nine persons were killed on Christmas day, 10 died Dec. 23, nine on Dec. 24, and six were killed by traffic on each of the two days following Christmas day, Dec. 26-27.

It will take the complete driving cooperation of everyone

to avert another tragic situation like December, 1959 on our highways this year. You owe it to yourself and loved ones," Kirkman said.

(FNF) — Knight Brothers Paper Company, with headquarters in Jacksonville, has announced the formation of a new division to provide industry with a complete packaging operation from the individually wrapped product to the packing box. Combining forces with Metal Edge Industries, the company is providing a fully integrated packaging program in Florida, Alabama, Georgia and South Carolina.

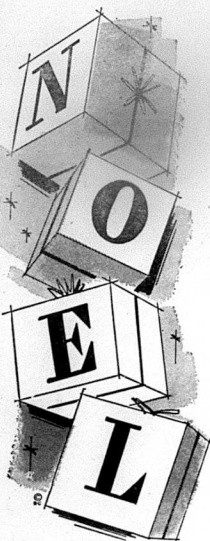

Strange as it may seem, the two most popular selling ribbons at Christmastime, red and emerald green, rank 16th and 17th throughout the rest of the year among the 17 colors manufactured, reports the Rust Craft Institute.

Too Late To Classify

By Russell Kay

Thirty three years ago, in the corner of a Tampa filling station, a young man set at a battered typewriter, laboriously filling in the first policy to be issued by the American Fire & Casualty Company. The young man's name is Walter Hays, the concern's only employee.

From a one-man organization in 1927, his personal charm, astute business judgement and managerial ability ramrodded this company into a \$14 million-a-year (gross premium income) empire today.

You won't find the story of Walter Hays among the famed Alger books. But it is a story that might well have been found between the covers of such books as "Sink or Swim," "Strive and Succeed" or "Di and Dare" stories that our modern youth scoff at as "square stuff" and some of our so-called educators would ban as uncouth and fantastic.

The Japanese version of Santa Claus is the ancient god Hotei-sho, who has eyes in back of his head to help him see how children behave, according to World Book Encyclopedia.

Personally, I was brought up on Alger books and I credit them with inspiration to rely upon myself, appreciate the importance of free enterprise, and develop work habits that have stood me in good stead all my life.

But getting back to Walter Hays. He was born in a little town with the unbelievable name of Loogottee in Indiana. Was brought up a typical American farm boy. His family established itself in the colonies before the revolution, true pioneers in the American experiment, that laid the foundation of the great nation that is ours today.

Walter stumbled into the insurance business, you might say, in his search for a more rewarding life than farming of that day provided. Success at first came slowly. He learned to ring doorbells and to keep everlastingly at it.

When WW I came along he volunteered and at its close knocked around from one job to another until he landed in Florida at the time the Dixie Auto Underwriters failed. Securing their charter he organized his own company. The first claim he was called on to meet nearly broke him but he retained his faith and courage, and went on to the success he has achieved.

Operations of the American Fire & Casualty Company were confined to Florida at first but now it covers many states and continues to expand. The company helped initiate the trend toward "force" policies, and broader coverage, and wrote \$25 and \$50 deductible when no other would. American invented the pooling of preferred risks and explored early insurance protection tailor-made to conform to policy holders needs. It was among the first to loan money for home construction in Central Florida and was constantly leading the way in the insurance field.

Hays takes pride in the fact that his top executives today joined the organization when they were school boys and grew up with the American. This inspired him to found the American Institute of Insurance and Human Relations which is conducted in the American's "Little Red School House" in downtown Orlando. Here hand-picked agents and employees are instructed in insurance, salesmanship, public speaking and civic responsibility, and the venture has paid off handsomely.

Other Florida activities headed by Walter Hays are The American Federal Savings and Loan Association, also of Orlando (assets over \$23-million), American Independent Reinsurance Company (operating thru out America and Europe). But he still has time for local, state and national civic effort. He is a director of the First National

Bank of Orlando, corporate secretary and past president of the Florida State Chamber of Commerce and is a director of the American Cancer Society, president of the Stetson University Council, director of the National War Fund, and past president of the Central Florida Council of Boy Scouts.

He believes in free enterprise and has worked tirelessly in its defense. Florida needs more men like Walter Hays.

Banquet Honors Worthy Grand Matron

A program honoring the dining room for 15' honored worthy grand matron Mrs. Frances Gray was presented by officers of both the Pahokee and Belle Glade Chapters of OES, when she paid her official visit to the chapters at the Masonic Lodge here Thursday night.

Gifts were also given her and honorary memberships from both chapters. The honored guest following the program gave an interesting talk on vision and spoke of the need for recognizing faith-ful workers in the organization. In addition to the honored guests in the above picture other worthy matrons and patrons and past matrons and patrons were introduced.

Mrs. and Mrs. A. B. DeGraw were welcomed as newly affiliated members into the chapter. Mr. Hastings, who served as instituting officer of their chapter in Colorado spoke about how the Colorado Chapter regretted losing them and how fortunate the Belle Glade Chapter was to have them. The "Winter Wonderland" theme was carried out in the hall decorations including arrangements of purple and white chrysanthemums. The banquet table carried out the colors of green, white and purple and favors were little snowmen. The head table decoration was a brass casket with candelabra an import from Pakistan holding frosted fruit pine cones and green balls. The Christmas tree with snow and glitter had a gold and green back ground. The ladies were given Christmas corsages and the worthy grand matron a corsage of fresh violets from Mrs. Ivan Van Horn.

The following morning breakfast was served at the Dixiana. **Phillip Morris Blameless** (Continued from Page One) for so disolute a handler of the truth of CBS and Murrow. The daughter of Ed King, who himself was a migrant, and who was imposed on by Murrow and Lowe, is a college graduate and a teacher in the Belle Glade public schools. Other graduates of "migratory farm laborers" are around and their names, dates of graduation and present "condition of servitude" are available. For reference as to what the "story" is we refer to the letter from the lady of Michigan, the writers for Time Magazine and a news commentator of one of CBS' stations, Ralph Renick of WTVJ, Channel 4 in Miami. These three give us the ordinary housewife's reactions, that of the trained magazine reporter, and a television editorial commentator of ambitious eminece. Their reliance on the trustworthiness of a federally policed news media led all three to ideas baseless in fact, and furnished questions of pity concerning religious practices of employers, reference to unamerican practices in employment, and a distorted opinion of what constitutes "an hour well spent."

You have not "Ream-ed" us, Mr. Vice President; come again. Incidentally, you might inquire why your CBS President, with the sheen of illustrious background, was so impolite as to visit within 40 miles of "Harvest of Shame" victims without a telephonic concern over an elected governmental body that claims injury from one of his "chillun".

Marilyn Brown And Steinola McDonald Are Winners In PTA Popularity Contest

Lake Shore Schools PTA held its regular monthly meeting Monday night Dec. 12. The De-votion exercises was conducted by Dr. S. Edwards in the pres-ence of the chaplain, Dr. J. B. Adams.

A short skit, "Birth of Christ" was done in pantomime by a group of students. All other items of business were postponed due to the absence of the President and vice presi-dent.

The popularity contest ended and all of the contestants made their reports. The win-ners in the elementary School were: 1st prize, Marilyn Brown, first grade, sponsored by her mother, Mrs. Betty Brown and her teacher Mrs. A. M. James. Second prize went to Patricia Le-land, 2nd grader, sponsored by her mother, Mrs. Mattie Leland and her teacher, Mrs. M. M. Singleton. Third prize went to Jessie Green, sponsored by her mother, Mrs. L. M. Green and her teacher, Mrs. A. L. Sutton. In the high school 1st prize

Lake Shore Prepares For Evaluation By Southern Association

Lake Shore High School is presently preparing for its eval-u-ation by the Southern As-sociation of Secondary Schools and Colleges. Once each five years an evaluation committee comes into the school to evaluate the program. During the inter-vening years, the school send-ing a self-evaluation report. As a result of these evaluations a school maintains or loses its ac-creditation.

Mr. McCurdy and his staff are working diligently to prepare its reports. They will be ready to as-sist the visiting committee which will arrive February 12, 1961 and study the school through February 14.

Both students and teachers realize that the evaluation of the school is a serious task. It is through such constructive mea-sures as this that our schools are able to assist themselves and profit from constructive criticisms hence raising standards.

The faculty has been divid-ed into groups for this project. In many instances parents and members of the community have been called in to help. The Steering Committee will coor-dinate the work of all groups.

Senior Of The Month

By Robert Haynes

Young George (Trayn) Gold-son is one of the "running" players on the Lake Shore High football team is also one of the most modest players. Tough a star to many fans, to himself he is just another player. When asked about his many outstand-ing touchdowns plays he quietly replied, "Somebody has to car-ry the ball. Fate seems to choose me often."

Born December 20, 1941, Golden says that he weighed perhaps from twelve to fourteen pounds. He relates that he near-ly cut his first teeth on the steer-ing wheel of his father's trac-tor. This and his peculiar eat-ing habits and body care perhaps help to explain his running pow-er and stamina. Golden says, "that strength consuming habits, such as smoking and drinking are no temptation to him."

Entering the football in his sophomore year Golden was outstanding from the start. He may perhaps four touchdowns in his first gridiron year. Making extra points was his spec-ialty. Golden is perhaps one of the few gridiron boys at Lake Shore who can lay claims to the material that heroes are made of, guts, strength, and modesty.

First Xmas Card Sent 121 Yrs. Ago

When were the first Christ-mas cards sent?

Christmas greetings were ex-changed as long ago as 1839, according to Trust Craft Publi-shers, Dedham, Mass., who recent-ly purchased what is believed to be the oldest known Christmas card in existence for its antique greeting card collection.

Made of delicate paper lace and measuring four by two and three quarters inches, the card reads: "A Merry Christmas to My Mother Dear, 1839."

The card was discovered re-cently by a New Haven, Conn. rare book dealer between the pages of an old Bible received in a shipment of books from England. It was made by the London firm of Windsor and Pearce whose existence at that time has been verified by the Guildhall Library in London.

For a number of years, it was believed that the first Christ-mas greeting cards were sent in 1843 by Sir Henry Cole, an Englishman, Cole commissioned a famous English artist, J. C. Horsley to do a design for a Christmas card and on it he had printed, "A Merry Christmas and a Happy New Year."

He had 1,000 cards printed showing a friendly family gath-ering in progress with the mem-bers of the family hold-ing up their wine glasses in a toast to the person to whom the card was intended.

This aroused some criticism even though panels to the left and right showed the charitable acts of "clothing the poor" and "feeding the hungry." Puritans frowned on the central theme of the card and others criticized the card for showing children at the same table with wine.

Despite the criticism, how-ever, Cole was acclaimed for starting the custom of sending Christmas greetings and he was eventually knighted for it.

A collection of skating prints and drawings presented to the British Museum in 1931 revealed a Christmas card which was dated 1842, pre-dating the Cole-Horsley card by one year. It was a painting by a 16-year-old artist named William May Egley. The Museum officially re-quired the card as the first and turned an uninterested ear to the Horsley group who claimed that the date after the artist's name was not clearly 1842 and could easily be 1848 or 1849.

(FNP) — Florida's economic growth the next 25 years de-pends on how well the state's leadership fulfills its historic role in providing expanding op-portunities for every individual, according to Harold Colee, exe-cutive vice president of the Florida State Chamber of Com-merce.

Martin County, named for former Governor John W. Martin, occupies an area of 372,480 acres, and is located on the south east coast of Florida. Each year many visitors enjoy sports and fishing resort facilities. Commercial fishing is an important part of the economy, however, agriculture is the main industry. - winter vegetables are grown here extensively: string beans, tomatoes, cabbages, peppers, squash, eggplant, watermelons and cucumbers are among the leading truck crops.

In progressive Martin County, and throughout Florida, the United States Brewers Foundation works constantly to maintain the sale of beer and ale under pleasant, order-ly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Foundation stresses close cooperation with Armed Forces, law en-forcement and governing officials.

Reflections On Christmas

Christmas is a feeling of giving,
the making of lists, the choosing of gifts,
a busy time, a tizzy time, a won't-you-come-for-eggnog time!
Of clamor and glee, and lights on a tree,
a wreath for the door, the tumult in a store!
Christmas is caring and sharing,
the singing of songs, the ringing of gongs,
a cheery time, a weary time, a speak-kindly-to-your-neighbor
time!
Of voices rejoicing, the hushed air of prayer,
of good will toward men, and world peace. Amen.

C. Royal Selected By Honor Society

Charles Royal of East Lake Road has recently been selected to be a member of Omicron Delta Kappa, National Leadership Honor Society for college men.

ODK is recognized as being one of the highest honoraries to which a college man may aspire. Founded in 1914, this honorary is built on the principle that leadership of exceptional quality and versatility in college should be recognized, and that outstanding students, faculty, and administrative members should meet on a basis of mutual interest.

Charles is a Senior at Stetson University, majoring in Marketing. While at Stetson, he has done outstanding work in speech and debate. He was also instrumental in founding at Stetson, Beta Alpha Sigma, the school's first honorary business fraternity. At present he is Lt. Commander of Sigma Nu fraternity.

Brownies To Go Caroling

Nineteen Brownies and their leaders, Mrs. James Wall and Mrs. Pat Zialor will go caroling in the community Friday night by truck on a hay ride. Afterwards they will gather at the home of Mrs. Wall for hot chocolate.

Each of the gifts received by the Infant Jesus from the Three Wise Men had a symbolic meaning; gold expressed the royalty of the Babe; frankincense for His priesthood; myrrh for His Christ's entombment.

We wish you and yours every joy
of a Very Merry Christmas Season!

Magazine Finds Colleges Have 42,000 Vacancies

Vacancies for at least 42,000 freshmen in 285 accredited colleges will be available at the beginning of the second semester in January, according to *Changin' Times*, the Kiplinger Magazine. "Any qualified youngster who did not get in this autumn can find a college that will take him for the spring semester," according to the editors of the magazine.

The editors found that the long-expected tidal wave of students — youngsters born during the baby boom of the 40's — has begun to flood onto the campuses. "College after college reports the biggest freshman class in history. Many tell of rejecting hundreds of qualified students for lack of space," the article notes.

Despite the crush, however, the survey reveals that scores of accredited colleges had room for more students than applied for the autumn term. Responses from 437 schools across the country indicated that there was room for 28,800 more freshmen than actually registered in 237 accredited colleges at the beginning of the fall term. About 18 percent of the openings were for students who could live on campus.

Typical expenses for a student who lives at school (not counting travel and personal costs) run between \$1,100 and \$1,750 for a day student they run between \$500 and \$700.

A complete report of the survey, which lists nearly 400 accredited four-year colleges, is available for 50 cents from *Changin' Times* Reprint. Service, 1729 H Street, N. W. Washington 6, D. C.

Ancient Chinese Custom

It was custom in ancient China to make visits shortly after the New Year had begun. Hilarity reigned in old India and Babylon, where celebration of the New Year was a wild affair.

Queen Victoria's marriage to Prince Albert helped introduce the Christmas tree into England. Research experts with *World Book Encyclopedia* say Albert brought the custom with him from Germany and set up a tree in Windsor Castle in 1841.

Expect the unexpected in traffic during the holiday season. It will most likely happen.

Hi Math Teachers At Stetson Summer Term

For the second consecutive year, the National Science Foundation has selected Stetson University as a center for the Summer Institute for High School Teachers of Mathematics of the University.

The Foundation has granted the University \$50,400 for this purpose. It will enable approximately 50 high school teachers to increase their mathematics teaching skill. The program begins June 19th for a period of eight weeks concurrent with the University summer session.

Formal announcement of the dates and the method to apply will be available within a few weeks, according to Dr. Gene Medlin, chairman of the Department of Mathematics, who has been designated by Dr. Edmunds to direct the summer projects.

The Foundation last year gave Stetson a grant of \$58,200 for the same purpose.

Major objective of the program is to bring up to-date and coinventor the teaching of those who enroll. Participants will be selected from senior high school teachers of mathematics with at least four years of teaching experience. Junior high school teachers will be eligible for consideration, provided they have a definite assignment in the mathematics field and could, in the judgment of the staff, benefit from the program. Nine hours of academic credit are available, and the course may be used for the renewal of a teaching certificate.

Mother's March Of Dimes Jan. 31

Mrs. Lee Burke and Mrs. James were co-hostesses at the home of the former for the regularly bi-monthly meeting of the Jay-Cettes.

Plans were discussed and a date set for the Mothers' March of Dimes which the Jay-Cettes are sponsoring. The march will be held Jan. 31, 1961. The group voted to give a Christmas theme.

Telephone Club Enjoys Dinner-Gift Exchange

The annual Christmas dinner of the Belle Glade Telephone Company Women's Club was held Thursday night, December 15, 1960 in the Lounge of the Traffic Department.

The lounge was beautifully decorated in keeping with the Christmas theme. A traditional Spanish Christmas Eve Dinner was prepared by Mrs. Ruth Kealar and her mother Mrs. Zola Yala, assisted by the dinner Committee.

After the dinner gifts were exchanged by the forty members.

Catfish, hush puppies, birthday cake and ambrosia were enjoyed by Brown Setterlin, Jimmy Casin, Alvin Schlechter and Dale Tidwell.

The Chinese Box: By Katherine Wigmore Eyre, is a suspenseful novel set against one of the most fascinating back drops in the world—the fabulous San Francisco of the early eighties. In the eyes of San Francisco society, the young Spencers of Nob Hill lacked nothing. Lila, heiress to a shipping fortune, was married to her handsome successful cousin, Gregory. She carefully suppressed her memories of another Spencer cousin, Randall, a strange, wild boy who had been banished to the Orient years earlier for a reason she only half knew. The author proves her ability to tell a story rich in mood and suspense. The Chinese Box... give the reader a combination of time, place and situation that has seldom been equalled for color and fascination.

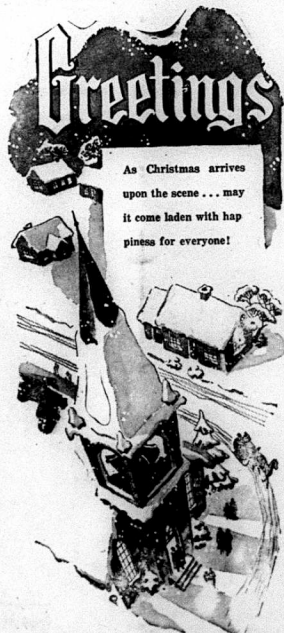

The Lovely Ambition by Mary Ellen Chase. Humorous, ironic, deeply moving this new novel is a completely absorbing family chronicle, set as it is, half in England and half in her native state of Maine, the story allows Miss Chase to make splendid use of this dual setting to dwell with affection on the two areas, she loves best in the world. In some ways The Lovely Ambition is a departure from her other novels. The characters are many and various. The action from the beginning arouses curiosity and suspense. As in the "Edge of Darkness" and always, it is able graceful, distinguished—the world of an artist.—Ruth Clemans.

Never fear spoiling children by making them too happy. Happiness is the atmosphere in which all good affections grow. Thomas Bray

There's A Proper Toy For Each Aged Child

Safety and suitability of Christmas toys were the subject of a reminder issued by the Florida State Board of Health and endorsed by the state's pediatricians through the chairman of their Accident Prevention Committee, Dr. Marvin Lee Weil of Miami Beach.

"A child's play is his occupation, and his toys are his tools," says Dr. Weil. He emphasized that safety must be the first consideration in buying a toy, with suitability to the child's age and sex next in importance. He said his committee endorsed the following list of toys, set up according to those principles, by Dr. L. L. Parks, Director of the Bureau of Maternal and Child Health.

Up to age 2, the hand to mouth age: Washable unpainted rattles, balls, squeak toys, stuffed animals and dolls, round corner blocks and push and pull toys. Avoid small toys or parts, flammable objects, sharp edges.

2 to 3, the exploring age: Sand box, peg boards, tip-proof kiddie cars, tricycles and rocking horses, picture books, crayons. Avoid marbles, sharp edges, etc.

2 to 4, the imitator age: Telephone, dolls, buggies and clothes, garden tools, autos, trains (not electric), drums, costumes, blocks. Avoid breakables or sharp edges.

4 to 6: Construction sets, black boards, paints, sports equipment.

The symptoms of TB are loss of weight, loss of appetite, afternoon fever, night sweats, chronic cough or hoarseness, spitting of blood, indigestion and chest pains. At the appearance of any of these symptoms see your family physician... get a tuberculin test and/or a chest x-ray.

ment, paper dolls with blunt scissors. Avoid pop guns, ill-balanced riding toys, poisonous paints.

8 to 8: Carpenter tools, construction sets, sports items, electrical toys, puzzles, games, kits for playing at adult activities, dolls and accessories. Avoid sharp edges, shooting toys, poor quality skates and electrical toys, etc. Over 8 Cym and sports items, music and hobby toys, electric trains, bikes, Avoid motorized riding toys, shooting toys, chemistry sets, etc.

The reminder suggests that a child should be given toys that will stimulate his learning processes, and not too many at one time.

Gay Christmas Atmosphere Reigns At BG Garden Club's Annual Dinner

Twenty two ladies enjoyed the Belle Glade Garden Club's annual turkey dinner and gift exchange held at Jameson Hall Thursday night.

It was a gay and colorful scene with a Christmas tree with twinkling lights and an assortment of packages with various wrappings and ribbons underneath.

The table decorated with Christmas tablecloths and a center piece of holly and the turkey dinner added to the Yule spirit.

Mrs. Victor Mulberg, president gave the welcoming address and Mrs. Lee D. Rustin

The Legend Of The Christmas Rose

The Christmas Rose, a winter blooming plant which has been known to flower in the snow, has an interesting and heartwarming legend associated with it.

According to an old legend, as the Three Wise Men presented their gifts of gold, frankincense and myrrh, a little shepherdess, watching from afar, wept because she had no gift to offer the Christ Child.

As her tears fell to the ground, flowers sprang up, says the legend, which the child gathered and hastened to bring to the Infant Jesus. While kneeling at the crib, so Jesus could see the flowers, His hands touched the petals and a delicate pink appeared on the flowers.

And so, a flower that had never bloomed before came into existence—the Christmas Rose. This lovely legend is documented by Rust Craft in its exclusive "Legend Series" of greeting cards.

gave the invocation. Guests were introduced by Mrs. J. P. Sillcock, Jr., including the guest speaker, Mrs. Claude Shirley of Pahokee, Mrs. Otto Blech and Mrs. Harry McIntosh also from Pahokee.

Mrs. Shirley gave an interesting program and showed slides of native flowers in the area.

Mrs. Carl Hayes was in charge of the gift exchange and Mrs. Lennie Warren the Christmas tree.

Hostesses in charge of arrangements were Mrs. Herbert Beck, Mrs. H. R. Collins, and Mrs. Carl Hayes. The delicious dinner was catered by the Women's Society, Christian Science of Community Methodist Church and was enjoyed by all.

Champion Jerseys

Two registered Jersey cows owned by the Florida Agricultural Experiment Station, Gainesville, have completed official production records giving them Cow Power Indexes of 13.4 and 13.1.

This indicates they produced that many times their body weight in milk during this lactation and both have a very high efficiency rating. This Cow Power program is sponsored by the American Jersey Cattle Club.

The Cows and their actual records are Florida Onyx Bella, 12,256 pounds of milk with 397 pounds of butterfat in 305 days, and Florida Onyx Good Hope, 12,198 pounds of milk with 476 pounds of butterfat in 305 days.

This Christmas, Pete's Fourteen

This Christmas, Pete's fourteen, and he has told us, "No toys, please, this Christmas. I'm too old. This year, I just want clothes or money." And we know he is too old. We understand. But what will Christmas be like without toys? I tell his mother, "It will mean less noise." But will it still be Christmas not to see His eyes light up at what's beneath the tree Or hear him shout, "My bike! I got my bike!" Or, "Gosh, Dad, an erector set just like the one we looked at last week in the store. Gee, thanks!" No more of this? Not ever more. No baseballs to be thrown through windowpanes. No kites to catch in trees, no model planes To stick together with the stickiest glue A father ever stuck the wrong things to. No chemistry sets to ruin his mother's sink Or blow the basement up or make a stink. No roller skates to mar the floors—and yet The toyless prospect only brings regret. I hope our friends won't think we're both insane: I've asked his mother for an electric train, And I am giving her a game of darts— For Christmas is a small boy in our hearts.

Two Jones Boys:

Sidney and Arthur Start An Industry By Raising Christmas Trees On Muck

Sidney and Arthur Jones, under the tutelage of their parents the Claude Joneses, are offering to the public six Christmas trees, grown on the muck, with great advantages over the usual tree offered on the local market.

After planting several varieties, in the absence of information locally, concerning conifers, one juniper type seems to be doing well, and the harvest of six trees is encouraging to the boys in their long range plan to pay their college education. Which this is being written the boys are out trying to sell the four remaining.

Advantages pointed out by the U of Fla., is that they may be harvested later than northern grown and thus insure longer lived trees. The Jones' trees are being offered with the suggestion that they remain in the tin tubs they came in and be used the second and third years.

These trees are approximately four feet high at 1 1/2 to 2 years

The British call the day after Christmas "Boxing Day," but it has nothing to do with heavyweights. According to World Book Encyclopedia, this is the day when families give money to the milkman, postman and others. In earlier days, the custom was to give Christmas boxes of food and other gifts to tradesmen and servants.

National Guard News

This is the second of a series of articles designed to familiarize you with the Belle Glade National Guard Unit, the 131st Quartermaster Company. This

week we would like to introduce to you the commander of the Belle Glade unit, 2nd Lt. William R. Hutton.

Lt. Hutton resides in Pahokee with his wife, Laura and his young son, Bill Hutton, Jr. He attended public school in Pahokee, graduating from Pahokee High School in 1953. From there he went to Stetson University and Florida Southern, graduat-

ing with a BS degree in Business Administration from Florida Southern in 1958. Having completed the ROTC requirements for a commission while in college he was appointed a 2nd Lt. at the time of his graduation.

He was ordered to active duty at Ft. Lee, Virginia in April of 1959. At Ft. Lee he completed the Officers' Basic Training course and also acted as a unit officer for a Quartermaster Company.

After his tour of active duty Lt. Hutton returned to Pahokee where he is a truck farmer and part owner of Hutton Bros., Produce, Inc. In May of 1960 he joined the National Guard Unit of Belle Glade serving as a Platoon Leader. On October 29, 1960 he was appointed Commander of the 131st Quartermaster Co.

Since he has been with the National Guard he has shown himself to be extremely interested in the Guard and a very ambitious and energetic leader. He invites all young men interested in securing further information about their military obligation to come by the Armory located south of Belle Glade on U. S. 441, between the hours of 8:00 a. m. and 5:00 p. m. Monday through Friday or to come by the Armory between the hours of 8:00 p. m. and 10:00 p. m. on Monday drill nights.
